

Echo War  
Fall 1857-8

- C. The Division shall not license any applicant for research with controlled substances when, in its discretion, the risk of diversion of controlled substances outweighs the potential good of the research, or when the researcher does not possess the skills or educational background to conduct the proposed research successfully.
- D. The Division may, in its discretion, issue conditional licenses which may include limited schedules, substances and quantities.

**3706. Waiver of licensure.**

- A. Law enforcement agencies and their sworn personnel are exempt from the licensing requirements of the Controlled Substance Act insofar as they act within the scope of their enforcement responsibilities and maintain accurate records of controlled substances which come into their possession and maintain an effective audit trail with the destruction of controlled substances documented by two sworn law enforcement officers. Nothing herein shall authorize law enforcement personnel to purchase controlled substances for administration to individuals or animals.

**3707. Inspections.**

- A. Licensees and applicants shall make available during regular business hours their controlled substance stock, records required by the Controlled Substance Act and their facilities for inspection and audit by Division investigators or other law enforcement agents authorized by them. All records required by this act shall be subject to forfeiture to the Division and its investigators or their agents. Receipts of the records, which shall contain all pertinent information relative to accountability of controlled substances, shall be left with the licensee.

**3708. Grounds for Revocation or Denial.**

- A. In addition to the acts and practice enumerated in Section 58-37-6 (4) (a) of the Controlled Substance Act, the Division may revoke, suspend or deny a license if the holder:
  - (1) Has prescribed or administered controlled substances to himself.
  - (2) Has violated any Federal or State law relating to controlled substances.
  - (3) Prescribes or administers any controlled substance for weight control for more than 30 days in any twelve-month period.
